Just watched. Fascinating. They should have interviewed you! Did you know 60 Minutes was filming there when they were there?

Love the pistol bar and the boxes art! And I love cows.

I envy how much "space" there is in Marfa. We live on top of each other in California... If we come and visit you, are you going to make us stay in El Cosmico??

How come you never mentioned Prada Marfa?? Funny!

I read on my TV guide thingie that 60 Minutes was going to do a piece on Marfa and I was going to send you an email. And then I forgot. While I am waiting for Paul's testimony start I'm going to watch this.

When you need a break, this is about an 8 minute piece on Marfa. Somehow they missed interviewing me or Larry, but otherwise we know 90% of the people they managed to get.

Hope you both will come see me there, someday. Feels very far away right now . . .
