I think that Alope just forwarded it to you, you might send him a note as well.

I'm sure your pasture is greener, too!

Have a good week!

Alope and Mike –

This will be a discussion on the use of Green Button Connect to solve MEA's real-time data needs for its 90-100k customers. On this call, let's also schedule a meeting on CDA design. I've invited Martin Steele, if he's available, since he will be working on the requirements for any CCA/DA solution.

sid
