Great. We will plan on 1-2 pm meeting at our offices on Thursday 4/25. To the extent that CalBio can discuss the benefits of their project beyond price, that would be useful as well.

Shannon,

I checked with CalBio and next Thursday from 1-2 works. Our plan for the meeting is for CalBio to discuss the projects and the path to achieving COD by yearend. If you would like to discuss our evaluation of the projects, we will need to schedule a separate meeting given we can't discuss with CalBio in the room.

Please let us know if this works.

Thanks,  
Meredith

I forgot that Energy Division is moving to a new building next Friday, so we are not available to meet that day. Let me know if the times on Thursday will not work.
