Subject: Thank you and follow up material

Shannon and Cheryl,

It was a pleasure to meet with you last Thursday. Thank you for having us in.

Attached you will find a memo addressing the questions you raised on project costs, the impact of 1603 on the price, and the longer term prospects for the LCOE for dairy biogas projects. I have also attached a copy of the deck I had already sent with the slide on the schedule moved to the proper place.

Please let us know if you have any questions.

Best regards,  
Neil
