Ed, Since we did not have a chance to discuss the duck chart with you at our capacity markets meeting last week, we would like to arrange a separate meeting with you to follow-up on your question about forecasted net load for other months. Do you have an hour of availability to get together on either Monday May 6th or Tuesday the 7th? Erik

Ed –

CAISO, IOUs, and IEP are scheduled to meet with you today (Tuesday) morning at 10 am. Perhaps we can discuss your request then.

Some of us discussed this very ask at Friday's WPTF roundtable. I think Todd's group is the one to help. I'll check with him and we'll get back to you, Ed.

Has PGE put together or can PGE put together charts that show forecasted net load for the other months of the year?The duck chart is for March, I want to understand the bigger picture beyond March.

Thanks.
