Chairman Hersman,

Thank you for taking time from your very busy schedule to meet with me yesterday. I really appreciated it. I enjoyed meeting Jackson. He is quite a delightful young man.

I have gotten some feedback from my symposium coordinators, that the NTSB video crew indicated they were going to be able to do the video of you for the symposium. I don't know why. I hope that is not true, because your presentation however brief it may be will be value added to what we are trying to accomplish. So, I hope you will be able to find time to do it for us.

Look forward to seeing you in California in August and thank you for sharing some of your valuable time with me.

Warm regards,

Jack
