Laura,

Thanks for the email. I haven't received the email invitation as of yet.

FYSA, Based on Joint Ethics Regulations (JER), if a non-federal entity is paying for my travel I need approval through my travel approving authority. Have asked the Office of General Counsel for legal recommendation to ensure I am in compliance with the JER. Should not be an issue but they have not yet gotten back to me.

Look forward to the conference. Thank again..

R/
Jody

CAPT Jody "Caveman" Bridges

Captain Bridges

I just left you a voicemail but want to follow up about your travel to San Francisco for the May 7-8 symposium.

The combined gas utilities will be paying your expenses (PG&E, Southern California Gas, and Southwest Gas Corp) and PG&E will coordinate the payment. It is easiest for us if you make your own arrangements: air, hotel, etc. Keep receipts and then submit them afterward, through me, and we will get you reimbursed.

You should have received the email invitation sent out by the CPUC last week. You need to register online so we have a detailed headcount.

The Marine's Memorial Club has some rooms available, and that might be a good location for you as the Tuesday night dinner is there and it's conveniently located and I assume they have a government rate. Just contact them directly at 1.800.562.7463, or at www.marineclub.com. We'll be paying for the Tuesday

night dinner directly, but there is a cash bar beforehand. All other meals will be on your own, and we will reimburse you for reasonable charges (which I have no doubt you are used to!)

Hope this clears things up.

Let me know if you need anything further on the travel side of things. Someone, probably Peter Goelz, will be contacting you to talk about the panel format and provide some questions to consider. Basically, you'll have about 10 minutes to make some brief remarks following Ted Kemp from Alaska Air. Then we'll open it up to questions.

Looking forward to meeting you in May!

Regards

Laura Doll

Jody rout

Lop

Answers:

1, PG&E is paying.

2. Travel, lodging, and meals (either provided or reimbursed when you turn in a receipt.

Luara Doll from PG&E can provide more details. Hopes this answers all your question. z

Brigadier General (CA) Jack Hagan

> I have a couple recommendations for your panel, 2 former Directors of the School now out in the civilian world leading some commercial safety efforts, Robert "Cosmo" Conway at Disney and Ken "Nubs" Neubauer at Futron Co. Also, just met Col Ken Cameron, USMC (ret), like you, a Platoon leader in Vietnam, ended up as a Space Shuttle Commander for NASA, and then was NASA's Deputy Director of Engineering and Safety. He lives in Houston, not sure if he would be interested but I think he would be great for your panel. Finally, Doc Figlock who runs the Naval Aviation's, Climate Surveys for the CO's, he is right down the road at Monterey.
