Subject: R.11-10-023 - California ISO Draft Effective Flexible Capacity Calculations - April 1, 2013

The CAISO has posted a draft table that provides the CAISO's preliminary estimate of each listed resource's amount of effective flexible capacity. The table includes all resources that have met a minimum threshold of having submitted at least one economic bid into the CAISO's real-time market on at least ten days during 2012. The table also contains all hydro resources that 1) pass the qualification criteria provided by PG&E (attached to the most recent Energy Division proposal) and 2) have submitted at least one economic bid into the CAISO's real-time market on at least ten days during 2012. Therefore, the quantities shown in this table will differ from those provided in the CAISO presentation during the March 20, 2013 RA workshop. The table is posted on the CAISO's website at [http://www.caiso.com/Documents/R.11-10-023%20\(Order%20instituting%20rulemaking%20to%20oversee%20RA%20program\)](http://www.caiso.com/Documents/R.11-10-023%20(Order%20instituting%20rulemaking%20to%20oversee%20RA%20program).).
