**ADDENDUM TO THE NOTICE OF INTENT OF THE UTILITY
REFORM NETWORK**

The Commission issued the Order Instituting this Rulemaking on November 15, 2012. In that Order, the Commission specified that:

Parties that were previously granted eligibility to request compensation in R.10-05-004 and have no material changes to their by-laws or financial status shall remain eligible for compensation in this proceeding and do not need to file a new notice of intent to claim compensation for this rulemaking.¹

TURN's eligibility for compensation in R.10-05-004 was based on a finding of eligibility in the prior Rulemaking 08-03-008.² TURN thus assumes that our eligibility continues in this proceeding and TURN is not required to file a new notice of intent.

However, for the benefit of the Commission and other parties, TURN submits this amendment to our prior NOI to provide additional information regarding our ongoing participation in this rulemaking. A prehearing conference in this Rulemaking was held on March 13, 2013.

TURN intends to continue actively participating in reviewing and evaluating any potential modifications to the rules and procedures governing the California Solar Initiative and the Self-Generation Incentive Program, as well as any other changes related to distributed generation policies and programs. TURN's primary focus in this proceeding will be on any potential changes to Net Energy Metering tariffs and policies. Given the scope of the proceeding at this stage, TURN cannot presently estimate the

¹ OIR 12-11-005, p. 13.

² As verified in D.13-03-026, p. 2.

amount of any future potential request for compensation or our allocation of time or resources. We note, however, that TURN's request for compensation in R.10-05-004, reflecting contributions to three decisions, was approximately \$29,000. TURN expects a similar level of engagement; however, if intervening legislative action requires significant changes to existing DG programs or policies, TURN would need to expend more resources and time in this proceeding.

April 12, 2013

Respectfully submitted,

By: _____/s/_____
