Subject: RE: MAY 7 - MAY 8 2013 - Marks Auditorium

Robert,

Thank you for reaching out. We will definitely need audio/visual support (sorry, there have been so many things going on I haven't had a chance to reach out to you yet). Can you get any paperwork that's needed to Aaron please? This is a two day event at the Marks Auditorium, so I think we need to coordinate with their team on that as well. Haven't done that before. We should hash these details out with a smaller set of people – Aaron, Laura and me.

Thanks,

Liza

Terrie, Elizaveta, Jane, Douglas,

Is there anything that you need from the audio visual team? I don't see any requests from my area in any of the email chains.

Robert

Hi Laura, here is what I was given in the past. See attach.

Thank you,

Aaron K. Pete

Subject: Marks Auditorium

Good morning everybody!

I was in the neighborhood and so I went into the building to check it out. I was told that David Glass is indeed the person in charge of the building.

Apparently there is a long list of rules surrounding use of the auditorium.

Do one of you have that list? I'm especially interested in rules around providing coffee.

There are signs saying no food or drink in the auditorium, and that's fine. But there are two places just outside the auditorium that would work well for tables to be set up and coffee to be served. We just need to know what is allowable so we can make the proper arrangements.

I know that the CPUC doesn't have money for this (per Paul), but we were thinking that the utilities could pay for it and then just put up an "honor system" jar where folks could put a dollar in if they have coffee or water.

I had forgotten that the auditorium arrangement is with the stage just inside the doors as you enter, down low. And the seats bank up from there. It's nice. We'll need to have tables set up for the panelists, a screen for the video and powerpoint presentations, and a podium – all with microphones. Does anyone on this list know if that has been communicated to David Glass and his team?

In exactly one month . . . this will all be over!

Thanks

Laura

Douglas

Do you have a contact at the Johnson building? Please see Laura Doll's message below.

Robert

Hi Laura:

Sorry for not responding sooner. Is the Johnson Building the same building as 455 Golden Gate Building?

Thanks all!

This will be important to nail down ahead of time.

I expect one or two videos and then possibly a couple PowerPoints.

And perhaps when people aren't PowerPointing you might want to leave up some cool CPUC slide with the name of the conference on it?

Hi Laura,

I have no contacts over there. I'm looping in Robert and Jesse to see if they do.

Terrie

Do you have any experience with the AV crew at the Johnson building? Specifically, if we can get Hersman to do a video instead of coming out here, is anybody over there going to be able to make it work?
