Subject: RE: PG&E Core Gas Supply Monthly Dashboard Meeting
All –

As I discussed in the dashboard meeting, the graph showing pipeline utilization in the handout was incorrect. A corrected version is attached here.

On another item we discussed, the links below are to the Saratoga City Council website. Agenda Item 6 for the April 3 meeting covered the proposed letter from the City Council to President Peevey and the CPUC Commissioners supporting ABAG's position on changing core aggregation pipeline capacity rules. After a 25 minute discussion, the council voted 5-0 against sending the letter.

Linked agenda page (April 3 meeting):

Video of meeting, with linked index (item 6 starts at about 38 minutes in):

If you have any questions on this or other items from the meeting, please feel free to give me a call.
