Shilpa,

I was comparing the recent DR response with one that was prepared in January (attached). I haven't completed my review yet but wanted to bring one item to your attention. The January DR response shows that \$332 million was actually spent in 2011 for PSEP work that PG&E voluntarily absorbed. The recent DR response just shows the amounts forecasted in Table 1-1 of the PSEP Prepared Testimony. Is this a revision in the amounts reported in the January DR response? Am I missing something?

Thank you,

Eugene

Eugene,

There was a correction in the Distribution piece, but no changes to the Transmission piece.

Thanks.

Shilpa

Shilpa,

Attached is a template to update the information you provided earlier in the year about PSEP spending/forecasts and PG&E's shareholder allocation and absorption. In addition, we are asking for information about distribution related safety spending. **We need the information**

by **COB March 22**. Please let me know if you have any questions.

Thank you,

Eugene
