Laura, [Redacted]

I'm not sure if you received my request earlier this week, but I'm requesting again to receive an e-copy of the presentation for distribution to the service list—could you send it over ASAP?

If an electronic copy of PG&E's workshop presentation doesn't make it here by 5pm today, I hope you will have some printed copies available, and in any case you must have it on USB flash drive for ARB/OEHHA to plug into the projectors in Sacramento. Emailing it w/ cc to Peg Taricco and me would work as well.

Thanks,

Franz

Franz

[Redacted] may as well go before CRNG, and she thinks 15 minutes will include time for Q&A – perhaps 5 min of presentation and 10 min of Q&A.

Thanks!

Laura,

Still waiting on CRNG to finalize agenda. How much time for Q&A would you like? Would you like to go before or after CRNG? There is plenty of time in the 1-4:30pm range, and their presentation will be ~90 min. + Q&A.

Thanks,

Franz

Franz

Happy Friday!

Our colleague Redacted (in Gas Measurement Control and Quality Engineering) would like about 15 minutes on the May 2 agenda. She will present the test results I believe you heard about last week.

Do you have an agenda yet for the day?

Thanks

Laura
