Laura,

Good to hear from you! June 4th plan looks good - confirming that I'll be spending the whole day with you. I want to make sure that we spend some time going over the data validation process and maybe I can get a chance to poke around in your GIS database.

Some of my staff are going to the leadership training, but not me. I'll be on vacation that day, sitting in an airplane heading to Russia.

I'll let you know about lunch on Friday.... Need to check on something first. If you are coming to the Commission meeting tomorrow, I'll see you there. Ray is presenting again.

1. I'm looking ahead to June 4 and wanting to reconfirm that you will be able to spend the day in San Ramon with Jane Yura and some of our gas team. We're thinking the day will have a bit of a "new use of technology" focus, but also will allow time for discussion of the next PSEP filing.
2. Did I hear correctly that you are going to go to one of our Safety Leadership Training sessions on May 15? That's good news.
3. Hoping to hear some other very good news from you soon . . .

Are you available for lunch this Friday?
