Thanks for the clarification and looking forward to seeing you all.

Thank you for providing another rate case opportunity --- given the fun of the PG&E GRC is already starting to wane – a distant memory.

Good question!

I don't do gas procurement -- Erik does that now.

But I am regulatory liaison for gas on other gas issues, gas ops and GTS for example.

GTS is big enough that several of us will work on it. You will see Redact Jane Yura, Shilpa Ramaiya, Lise Jordan (Law), me, and others as needed.

Think of the fun we'll have!

:)

Laura,

Interesting. Thanks for the update. What is your area of regulatory responsibility these days - Are you handling gas procurement and GT&S?

Mark

Wanted you to know that [Redacted] is no longer with PG&E.

[Redacted] will be taking his place in the regulatory management of the GT&S case.

We'll make sure you meet her in the next couple months. I just didn't want you to be caught off guard!

Thanks

Laura
