Dear Mr. Redacted

In order to maintain the integrity of our service centers as well as help ensure the safety of our employees and customers, Pacific Gas and Electric Company (PG&E) can no longer allow customers to access PG&E CNG fueling stations, located within the utility operations yard, after normal business hours. Accordingly, effective February 1, 2013, your current ACME facility access card for PG&E CNG vehicle fueling stations will be cancelled.

You can still access PG&E's CNG stations during normal PG&E operating hours, and you will not need a card to do so. For your convenience, attached is a list of PG&E's CNG stations with the hours of operation for accessing our CNG pumps. Access hours are subject to change based on site specific business needs.

Please call #415-257-3123 with any questions or concerns. We sincerely apologize for any inconvenience this may cause.

Sincerely,

LNG/CNG Operations
