Subject: RE: Extremely important status report discussion

I knew we were in trouble when people started to say the word "only" before the word "million". And this was a few years ago, before San Bruno. And having nothing to do with PG&E.

Maybe we should chat briefly by phone tomorrow.

Um yeah.... And he wants to hear why we think 2.25 is actually a big number. When did I miss the end of the millions era? Anyway, between Redact and the Hagan letter I'm jammed.

Isn't it part of your duty statement to talk to people at the CPUC? I know we are not THE most important person at the CPUC, but still.... :)

I'm free June 11-14 and I can tell you beyond that if needed.

Damn. Really, I just don't think we three can get together for EXACTLY one hour, and that is all I would have.

I had hoped to be in Texas all next week but am now going to leave on May 24

Ok then, what does June look like??

I will be in dc all of those days! Except this Thursday, where I only have exactly one hour between meetings. And it is my last day in the office and therefore prone to unexpected stuff...

I think men just don't worry about this...

Well, as luck would have it . . .

I am not going to be able to relax and enjoy our lunch because of now-important meetings on either side. I just know it won't be possible for me to cover my list in exactly one hour!!

Is there ANY chance you could do Thursday or Friday (early) or MONDAY, TUESDAY, or WEDNESDAY next week???

Does this happen to men?
