Hi Laura

I would be more than happy to meet with you and discuss PG&E's ROW management program. Why don't you get back to me following your vacation next week. I am trying to schedule a brief trip to the east coast, without much success to date. I should have a better idea of that timing after next week. I usually have bandwidth in my calendar so scheduling shouldn't be a problem, once I know when I will be in and out of the office.

Best

Hi Mary Jo –

I haven't had an opportunity do anything other than say hi to you in passing since I joined PG&E, but I'd really like to schedule some time with you in the next couple weeks. Specifically, I'd like to bring you up to speed on our right of way management program and how we see that evolving. I have been talking with Liza Malashenko and others in SED, but I'd also like to make you aware of how we currently intend to handle some customer issues.

I'm out next week (I hope!) but was wondering if you might have some time that first or second week in June?

Look forward to having a chance to catch up.

Thanks

Laura
