This call was only about the SM data available to smaller C&I customers, not CDA. We would still like to do the CDA meeting. Thx.

Alope,

Do we still need to have the meeting scheduled for May 13 or would this call cover everything you wanted to know about CDA? I have a potential conflict on May 13.

Thanks.

Here are some:

Is 15 min data being collected?
Does the customer have access to 15 min data?
What online tools do customers have?
What data can be released to third parties?

Will probably have more Qs on the call.

Alope,

Do you have specific questions you'd like answers to? That will help me figure out who to talk to.

Thanks.
