Subject: RE: request to meet / FW: Phase 3 of R.08-12-009: small working group sessions

Alope,

I will need to check with people's availability for a meeting to discuss the Energy Data Center proceeding. I'll work on this and let you know as soon as possible.

No problem on rescheduling the CDA meeting on Monday. Can you let [Redacted] (copied on this email) dates on which you'd like to reschedule the CDA meeting? She can coordinate it with PG&E staff.

Thanks,

David:

Redacted is out and the autoresponder referred to you. Please see the note below.

As a result, I would need to ask that we postpone yet again the CDA meeting scheduled for Mon.

I am on the Energy Division Staff and have been asked to get involved with this proceeding to support the parties efforts in addressing the goals set out for the rulemaking. I will be collaborating with Audrey Lee and ALJ Hechts.

I would like to get some time with PG&E lead representatives working on this proceeding to get PG&E's perspectives on pending issues and discuss some ideas for moving forward.

With a workshop scheduled on Mon, I would like to get engaged as quickly as possible. Would it be possible to arrange a meeting this afternoon at 3:30 or 4 or possibly Fri 4pm. To make it easier given the short notice, I can come to PG&E HQ for this meet.

Please let me know if your team can be available.
