¹ Rule 8.4(a).

Each of the above-referenced meetings was initiated by Southwest Gas.² During each meeting, Mr. Brown and Ms. Mazzeo summarized Southwest Gas' concerns (as presented in the Company's Opening Comments) regarding the Proposed Decision Mandating Pipeline Safety Implementation Plan, Disallowing Costs, and Authorizing Memorandum Account (Proposed Decision), issued in this proceeding on April 8, 2013. Mr. Brown and Ms. Mazzeo explained Southwest Gas' position that the Proposed Decision fails to consider evidence of facts and circumstances that were unique to the Company's transmission pipeline system at the time of installation, resulting in a finding of imprudence and a proposed disallowance that are unsupported by the evidence and punitive to the Company.³ Copies of the handouts provided at each meeting are attached.⁴

Respectfully submitted this 9th day of May 2013.
