QUESTION 8

Exhibit PG&E-5, on pages 4-15-16 and pages 4-20-21, describe PG&E's Street Light Inventory Project and PG&E's ability to provide customers with an accurate inventory of Company-owned streetlights.

- a. Does this project serve PG&E's streetlight rate classes in the City and County of San Francisco? If not, does PG&E have an equivalent service that it offers related to PG&E-owned streetlights in the City and County of San Francisco?
- b. What is the implementation status of this project related to mapping of PG&E-owned streetlights throughout PG&E's service territory?
- c. What is the implementation status of this project related to mapping of PG&E-owned streetlights in the City and County of San Francisco?

ANSWER 8

- a. Yes, the project is intended to inventory all customer-owned and Company-owned streetlights within PG&E's service territory.
- b. The Streetlight Inventory Project (SLIP) has completed auditing and mapping of approximately 40 percent of PG&E's service territory.
- c. The City and County of San Francisco (CCSF) has not yet been audited or scheduled for audit in the current Streetlight Inventory Project, but is anticipated to be audited as PG&E completes the audit of the remaining areas of the service territory in years 2014 to 2016.
