Subject: RE: Our May 30 Meeting - Delay?

I concur that nothing has changed with the legislative timeline, and there are expectations that we get major issues resolved in June so no compelling reason to delay this. Kelly

We should stick with the original date of next week. We planned on that at the last mtg and I don't think the filing date changes should have any impact. We have been negotiating a legislative solution in good faith and need to keep those discussions moving.

I look forward to seeing the response to the document discussed at the last mtg and working towards a solution. The legislative process is moving along at its original schedule and is not delayed by CPUC filing dates so our

legislative discussions should similarly not be changed.

AARP would like more time to review the May 29 filings before the meeting. Could we meet the following week, the week of June 1?

That is the week of the NASUCA and NEUAC meetings, it does not work for AARP. What about the following week?
