Hi Neil,

We are still working on the resolution and anticipate that it will mail early for the 6/27 commission meeting as I mentioned previously. If this schedule changes, I will definitely keep you informed.

Since we are corresponding – can you send me the date the Old River project executed its Interconnections Agreement?

Thanks,

Shannon

Shannon and Cheryl,

It was a pleasure to meet with you last Thursday. Thank you for having us in.

Attached you will find a memo addressing the questions you raised on project costs, the impact of 1603 on the price, and the longer term prospects for the LCOE for dairy biogas projects. I have also attached a copy of the deck I had already sent with the slide on the schedule moved to the proper place.

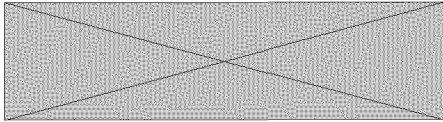

Please let us know if you have any questions.

Best regards,

Neil
