Liza,

Attached is a slide deck that our PSEP team put together and provided to SED staff and Bureau Veritas in February. This presentation provides a lot of detail on the PSEP program that I believe you are interested in.

Regards,  
Frances

Frances,

Thank you, this is helpful. However, I'm looking for something that maybe provides a little bit more detail about the plan itself. Do you have something that goes a little bit further into the program and the actual work plan?

Thanks,

Liza

Liza, Mike and Dennis,

Per your request from our meeting of June 4, 2013, attached is an overview of PG&E's Pipeline Safety Enhancement Plan that was recently presented at an AGA committee meeting last May.
