Subject: Storage Cost-effectiveness Report from EPRI is now available

Parties to R.10-12-007:

EPRI has just completed its report describing the storage cost-effectiveness study conducted by EPRI's team on behalf of CPUC stakeholders in this proceeding using its ESVT modelling tool. The report can be downloaded at no charge from EPRI's website via the link below:

<http://www.epri.com/abstracts/Pages/ProductAbstract.aspx?ProductId=000000003002001162>

As has been acknowledged before in this proceeding, please note that the CPUC has not endorsed any particular storage cost-effectiveness methodology or modelling tool, nor has the CPUC passed upon the accuracy of the information in this report.

We expect to serve a preliminary report from DNV KEMA as well on its study completed to date. Shortly thereafter, instructions will be provided to Parties on the process to comment on the reports in connection with the questions posed in the recently released Commissioner's ACR.

Please contact me for any questions in the meantime (please do not "reply all").

Thanks,
Aloke Gupta

California Public Utilities Commission

O: 415.703.5239
