Subject: Storage R10-12-007: EPRI's Storage CE Report / Request for Ruling

ALJ Yip-Kikugawa:

Energy Division Staff is re-serving the Parties to R.10-12-007 (Energy Storage Rulemaking), via this email, the recently completed report from EPRI describing the results of its storage cost-effectiveness study conducted for this proceeding. The report (titled "Cost-Effectiveness of Energy Storage in California") is attached, and can also be downloaded from EPRI's website at the link below.

<http://www.epri.com/abstracts/Pages/ProductAbstract.aspx?ProductId=000000003002001162>

We request an expedited ruling from you to enter this report into the record of this proceeding (R.10-12-007). This is intended to ensure availability of a complete record for consideration of Commissioner Peterman's proposal described in the ACR released on 6/10/13. In the ruling, please include instructions to Parties on the process to comment (at the All-Party on 6/25/13 and in subsequent formal comments/replies) on the reports in connection with the questions related to storage cost-effectiveness posed in Commissioner Peterman's ACR.

As another reminder to the Parties, we note that the CPUC has not endorsed any particular storage cost-effectiveness methodology or modeling tool, nor has the CPUC passed upon the accuracy of the information in the cost-effectiveness report.

Parties can contact me for any report related questions.

Thanks,

Aloke Gupta

California Public Utilities Commission

O: 415.703.5239
