Subject: [Redacted] Unit 1 Repairs Complete

PG&E Officer Team;

As a follow up to my June 26 communication regarding Unit 1 , I wanted to advise you that our repairs on Unit 1 are complete. Over the weekend, we will conduct final post-maintenance testing and focus on safely returning Unit 1 to power, pending no emergent challenges. Unit 2 continues to operate safely and reliably at 100 percent power.

I will provide a more comprehensive update this weekend following the completion of this outage.

Our team appreciates and thanks you for your outstanding support.
