Liza, I have confirmation of where the CDs are. The person who delivered the CDs yesterday said he just spoke to JR at the CPUC mailroom, and the CDs are at the mailroom. JR said they will be there until around noonish when someone from SED comes to pick up the mail to deliver to SED's offices (unless someone comes to pick them up earlier). Each CD was packaged in an envelope w/ each SED person's name. I will call you now to confirm you received this email. Thx

Hi,

I just talked to Frances, but Laura you probably should still call me. I really don't know why you are giving this to the Docket office - this data request was not part of a rulemaking, but ongoing SED work. Maybe worth talking to your lawyers again.
