Subject: RE: Mike's whereabouts tomorrow (tues June 25)

Text first, but I should be there, and would like the company. I was practically crying when I realized there was a leak and it was causing mold. I thought at least my house was finally put together right. Some days I just fucking hate homeownership, and want to move into a big rent controlled apartment with a roof patio that I don't have to clean.

Interesting! I might be able to....

Do I seem terse? Blame the thumb keyboard.

Team:

I'm going to need to be home tomorrow to try to resolve a significant plumbing leak that's causing water damage in my hallway & bathroom. I may not be in the office all day, but I should be very available via phone or e-mail.

Mike
