That time works for us. Thanks for setting it up. I'm around this afternoon or tomorrow for our pre-call chat.

Hi Kristin,

Would 3:00 on Wednesday work for an initial call? Also, wanted to chat with you for a few minutes before the call to make sure we are ready to address your questions.

Thanks!

Meredith

Subject: meeting request

Hi there, I am looking for some assistance on who to talk to at PG&E. As I emailed Laura Doll last week, I've started a new project on behalf of President Peevey to look into the utility business model of the future. As you know, there have a been a slate of recent reports with recommendations for new business models for the utilities. Our project, in this phase, is to do

some fact finding to understand from a multitude of perspectives, what the problem is that needs solving and what some of the potential solutions are. We understand all three of the IOUs are working on this issue in some capacity so we'd first like to understand the issues from your perspectives. We're meeting with each of you individually and perhaps at some point in the future there can be a group meeting, but that is not being planned at the moment.

It would be great to be able to start the conversation with you guys this week. Thanks for your help in setting this up! Kristin.
