Subject: Thank You!

John, Redacted

I wanted to thank you all very much for the EXCELLENT tour of Humboldt last Friday. In particular, Redact (or is it James?) deserves special kudos for putting together such an informative morning and connecting so many dots.

Please extend my thanks to all of the folks at the site – especially Loren, Mark and Steven, for devoting so much time to our group. It is evident how much pride they take in the thoughtful decommissioning and in the very complicated take down puzzle. The project is in very capable hands.

I took a bunch of interesting photos and will be happy to send you a link to them, if interested. Speaking of information sharing, it would be great if I could get a copy of the overview slide deck that we used in the morning for me to pass on to Commissioner Ferron.

Many thanks again

Michael
