Subject: Storage R10-12-007: DNV KEMA's Storage Cost-Effectiveness Report Now  
Available / Request for Ruling

ALJ Yip-Kikugawa:

Energy Division Staff is serving the Parties to R.10-12-007 (Energy Storage Rulemaking), via this email, the recently completed preliminary report from DNV KEMA describing the results of the CEC-funded storage cost-effectiveness study conducted by DNV KEMA's team for this proceeding. The report (titled "DRAFT - Energy Storage Cost-effectiveness Methodology and Preliminary Results") is attached, and can also be downloaded from DNV KEMA's website at the link below.

[http://websafe.kemainc.com/CPUC/DNVKEMA-Energy%20Storage%20CostEffectiveness\\_Report\\_DRAFT3\\_June%2021-2013.pdf](http://websafe.kemainc.com/CPUC/DNVKEMA-Energy%20Storage%20CostEffectiveness_Report_DRAFT3_June%2021-2013.pdf)

We request an expedited ruling from you to enter this report into the record of this proceeding (R.10-12-007). This is intended to ensure availability of a complete record for consideration of Commissioner Peterman's proposal described in the ACR released on 6/10/13. In the ruling, please include instructions to Parties on the process to comment (at the All-Party on 6/25/13 and in subsequent formal comments/replies) on the reports in connection with the questions related to storage cost-effectiveness posed in Commissioner Peterman's ACR.

Due to file size limitations, we will be re-serving a separate storage cost-effectiveness report

from EPRI via a separate email and requesting a ruling on that as well. This report has already been distributed earlier this week.

As another reminder to the Parties, we note that the CPUC has not endorsed any particular storage cost-effectiveness methodology or modeling tool, nor has the CPUC passed upon the accuracy of the information in the cost-effectiveness report.

Parties can contact me for any report related questions.

Thanks,

Aloke Gupta
