Subject: Re: PG&E/Local Gov/CPUC Roundtable Discussion

I'm certainly interested in doing the dialogue. In particular I would like to talk in part about how the partnerships think about next steps of what they need if we were to move to a rolling portfolio.

I'll let you all coordinate time options.

Michael

I believe Jan mentioned this to Michael at a recent conference in Sacramento and Leif has also discussed with Jeremy, both of whom thought this discussion would be valuable and timely. Ideally, the meeting would take place in early-mid August and last approx. two hrs.
