

Party	Proposed Non-CARE End-State Rate	Baseline Allowance	Fixed Charge / Min. Bill	Demand Charge	TOU Period and Seasons	Amount of CARE Subsidy	Proposed Non-CARE Transitional Rate	Proposed CARE Transitional Rate	Proposed Opt-out and Optional Rate(s)	PU Code Change Required?
Consumer Federation of California	Maintain current tier rates. Opt-out static or fixed TOU. Phase in dynamic pricing. TOU with RTP and CCP should be studied further. This will be modified.	Yes. Maintain current baseline. This will be modified.	No recommendation in proposal. This will be modified to recommend no fixed charges.	No recommendation in proposal. This will be modified to no demand charge,	Static or fixed TOU. Two rate periods for winter, off-peak and partial-peak with no peak period, and three rate periods for summer, off-peak, partial-peak and peak.	Maintain current CARE rate structure. This may be modified.	Rate Design Proposal dd not propose specific rates.	Rate Design Proposal dd not propose specific rates	CFC proposed an opt-out TOU, the opt out being current inverted tiers. CARE and Medical baseline should be maintained. No specific rates were proposed.	Changes to PU Code Secs. 739.9. et seq. would probably be required to change CARE discount doscount structure.
