Are you going to see the Texas guy talk about "the myth of carbon pollution"? That one caused quite a bit of consternation in the NARUC ranks! I guess the question is whether people will boycott the session or show up and challenge the guy. It would be quite a show if Peevey decided to take him on, but I doubt that will happen.

At least it is the afternoon session. Not many people attend.

I want to attend the Monday 2:30 pipeline safety session but am pondering the ex parte implications. Maybe you could sit next to me and kibitz for your equal time . . . . .
