Not sure. These guys are serious about it despite evidence to the contrary. It's amazing that dinosaurs still roam the earth. Mike won't waste his breath on them - but it would be great theatre !

Brian K. Cherry
PG&E Company
VP, Regulatory Relations
77 Beale Street
San Francisco, CA. 94105

> Are you going to see the Texas guy talk about "the myth of carbon pollution"? That one caused quite a bit of consternation in the NARUC ranks! I guess the question is whether people will boycott the session or show up and challenge the guy. It would be quite a show if Peevey decided to take him on, but I doubt that will happen.
