This won't cheer you up, I know, but I save this New Yorker piece from July 5, 2010. Former administration foreign special rep (and I think now dead?) Richard Holbrooke described what often happens in government: "People sit in a room, they don't air their real differences, a false and sloppy consensus papers over those underlying differences, and they go back to their offices and continue to work at cross-purposes, even actively undermining each other."

I mean really, doesn't that capture it?

No. Sorry. Would have loved to have lunch. Quite frankly, though, I'm not very good company these days. Pretty depressed and demoralized about work, etc.

Julie
