Hi Sid,

I'm working from home today. Yes, I can provide the Res Elec by State, but I don't have the gas and the source documents are on my desk. However, I can probably ask

someone to send me a pdf and I can pull together by early afternoon I would imagine.

Hi Sid,

Here are the latest statistics showing Residential Gas and Electric Average Rates and Bills, by Region for 2011. This data is from the Edison Electric Institute and the American Gas Association and represents the latest available. We also have this by State for Electric (in table format) and can pull together the gas in the next couple of hours if necessary.

If you have any questions or need something further, please let me know.

Thanks,
