July 10, 2013

Edward Randolph
Director, Energy Division
California Public Utilities Commission
505 Van Ness Avenue
San Francisco, CA 94102

Dear Mr. Randolph:

In Ordering Paragraph 11 of Resolution E-3831, the California Public Utilities Commission ordered:

Within 90 days of today's date, PG&E, as well as SCE and SDG&E, should file Quarterly Reports on installed CG, per OP 18 of D.03-04-030, using the format to be developed by the Rule 21 Working Group. The utilities should develop a straw proposal format for discussion at the next Rule 21 Working Group meeting, but held not more than 30 days after the effective date of this resolution. Within 30 days after the Rule 21 Working Group review, the utilities should file the report in the agreed upon format with the Energy Division and the CEC.

In compliance with this provision, Pacific Gas and Electric Company hereby submits the first quarter report for 2013.

Sincerely,

A handwritten signature in black ink, appearing to read "S. Dietz".

Sidney Dietz
Director, Regulatory Relations

Enclosure

Pacific Gas and Electric Company
R.02-01-011 Direct Access Suspension OIR Report
in Compliance with CPUC Resolution E-3831**

Report is for Year 2013 through first Quarter --	January 1, 2013 - March 31, 2013	
	MW	# of Projects
Category 1 (Less than 1 MW)		
a) Net Metered	47.78 ***	5,197
b) In SGIP and CSI*	0.03	1
c) Eligible for Financial Incentives		
Category 2 (1 MW or more)		
a) ultra clean and low emission****	1.20	1
b) ultra clean and low emission with cogeneration	0.00	0
Category 3		
a) other	0.67	6
b) with cogeneration	0.33	5

* SGIP solar is now part of CSI, therefore those projects are included, excludes Net Metered

** This report supersedes all prior reports issued this year

*** CEC AC rating if PV, otherwise Gross Nameplate

****ultraclean includes photovoltaic and wind turbine - unclear on definition of low emission
