Scott –

Hi there! Here are a few possible times for us:

Monday 22Jul in the morning any time

Monday 22Jul in the afternoon starting by 200p

Monday 29Jul in the morning starting by 1000a

Monday 29Jul in the afternoon starting 230p or later

I am sorry we don't have more options, but it was difficult to schedule on our end. Let me know if any of these work.

yours,

sid
