Hi there,

The State info would be perfect. Today or tomorrow will do.

Thanks so much!

Hi Sid,

Here are the latest statistics showing Residential Gas and Electric Average Rates and Bills, by Region for 2011. This data is from the Edison Electric Institute and the American Gas Association and represents the latest available. We also have this by State for Electric (in table format) and can pull together the gas in the next couple of hours if necessary.

If you have any questions or need something further, please let me know.

Thanks,
