Subject: Meeting to discuss GHG Marketing Applications and Advice Letters

Hi all-

Following the release of the Targetbase report, I think it would be a good idea to have an in-person meeting to talk about the findings from the report and possible strategies for GHG Marketing and Outreach that could guide the Applications for 2014/2015 M&O activities due to be filed on September 1. Ed Randolph has expressed interest in this topic and may attend the meeting. Ed's schedule tends to fill quickly, but he has some time available on Thursday, August 1. I'd like to suggest that we meet from 2 – 3 pm. If that time does not work for you or those from your company who will attend this meeting, please suggest another time from 10 am to 3 pm that day.

Please note that I have requested an extension of the initial 120 suspension period for the 2013 Marketing and Outreach Advice Letters. This extension request is to ensure that we are coordinating 2013 M&O activities with the 2014/2015 plans that will be filed in September.

Thank you,

Damon
