Subject: RE: PG&E gas operations org chart

Hello Nat, I found them sooner than I thought!

Here they are; let me know if you need more info.
Jane

Hi Jane,

One other question, do you by chance have electronic copies of the two presentations that you could share with us?

The first was titled "Pipeline Safety Enhancement Plan (PSEP)" subheader "Quality Control and Quality Assurance Overview Work Implementation Phase"
The second was "Overview of PG&E's Quality & Improvement Program" dated 8/21/2013

Thank you,
Nat

Hello Nat –

Here's the most recent org chart for Gas Operations (we update every few months, so when the new one is ready for September, I will forward it to you). All-things-gas, are under Nick's responsibility, and if you have any questions, please don't hesitate to give me a call.

Thanks,
Jane

Hi Jane,

It was a pleasure meeting with you and the other PG&E management in the gas operations area last week. As part of the follow up, I was hoping we could get an electronic copy of the org chart for gas operations. Also, I wanted to confirm that everything related to gas (e.g. TIMP, GRC, planning) are under Nick's responsibility.

Best,
Nat
