Don't set the all party just yet. I agree with your thinking from a practical standpoint. Could he host an all party, the Mayor doesn't attend and he meets with her privately as a courtesy ? I know that's a stretch. I'm trying to talk Morrison down. The Mayor called Nancy McFadden and Tom got pulled in on the call. Nancy asked Tom and I to work with you first. I think there is an elegant way to fix things that will work for most.

It isn't lack of interest or desire to meet with folks, it's the equal time rules. He was willing to do it, and I talked him out of it because of the number of parties and time implications. But if you're telling me that he really needs to do this, then I'll bring it up again.
