Subject: R.13-02-019 California Department of Water Resources Revenue Requirement - Ruling Setting PHC and authority to file and serve PHC statements

Good afternoon. Today's electronic ruling notices a prehearing conference (PHC) for Thursday, September 5, 2013, at 10:00 a.m., in the Commission's Courtroom, State Office Building, 505 Van Ness Avenue, San Francisco, California to discuss the issues pertaining to the allocation of the California Department of Water Resources' (DWR) revenue requirement determination for 2014. To facilitate the discussion at the PHC, interested parties may file and serve PHC statements (of five pages or less) by August 30, 2013.

On August 1, 2013, DWR served its "Notice of Determination of Revenue Requirements" (Notice), "Determination of Revenue Requirements For the Period January 1, 2014 through December 31, 2014" (2014 Determination), and its memorandum to Commission President, Michael R. Peevey from DWR's Acting Deputy Director of California Energy Resources Scheduling, John Pacheco (these three documents are attached) on the service list in Rulemaking (R.)13-02-019. The memorandum "advises and notifies" the Commission of DWR's 2014 Determination, and requests the Commission to "calculate, revise and impose" the Bond Charges and Power Charges in accordance with Articles V and VI of the Rate Agreement between DWR and the Commission.

Prior to the submission of the 2014 Determination, DWR issued a proposed determination of its 2014 revenue requirement on June 17, 2013. Consistent with its administrative procedures, DWR allowed interested entities to submit comments on its

proposed 2014 revenue requirement. On July 9, 2013, Pacific Gas and Electric Company submitted comments to DWR.

In accordance with Articles V and VI of the Rate Agreement between the Commission and DWR, which was approved in Decision (D.) 02-02-051, the Commission is obligated to calculate, revise and impose Bond Charges and Power Charges on the electricity customers in the service areas of Pacific Gas and Electric Company, San Diego Gas & Electric Company, and Southern California Edison Company. The Commission is to calculate and impose these charges no later than 120 days from the date following the delivery to the Commission of its request.

This proceeding, R.13-02-019, was opened as the procedural vehicle to consider DWR's future revenue requirement determinations and related issues. DWR's 2013 revenue requirement determination was allocated in this proceeding by D.12-11-040. In accordance with the Commission's obligation under the Rate Agreement, DWR's August 1, 2013 memorandum request and its 2014 Determination will be adjudicated in this proceeding.

Due to the time period in which the Commission is to issue a decision on DWR's 2014 Determination, notice is hereby provided that a PHC will be held on Thursday, September 5, 2013, at 10:00 a.m., in the Commission's Courtroom, State Office Building, 505 Van Ness Avenue, San Francisco, California. The purpose of the PHC is to discuss the allocation issues and the procedural process the Commission will follow to resolve DWR's 2014 Determination.

To facilitate a discussion of the issues to be addressed in this proceeding, and the procedural schedule that should be followed, interested parties may file a PHC statement to express their views on these issues. The PHC statement shall be filed with the Docket Office by August 30, 2013, and electronically served on the service list in R.13-02-019. Interested parties should be prepared to discuss these issues at the PHC, and whether evidentiary hearings are needed on the allocation of DWR's 2014 revenue requirement determination.

This ruling will be memorialized in hard copy at a later date.
