MOTION OF THE CITY OF REDONDO BEACH FOR PARTY STATUS

I. INTRODUCTION

Pursuant to Rules 1.4 and 11.1 of the California Public Utilities Commission (“Commission”) Rules of Practice and Procedure, the City of Redondo Beach (“City”) respectfully moves for party status in the above-captioned proceeding. The City seeks to participate in this proceeding involving consideration of the local reliability impacts of a long-term outage of the San Onofre Nuclear Generating Station (SONGS).

II. IDENTITY OF THE CITY AND BASIS FOR INTERVENTION

The City is a Los Angeles County Charter City in which the AES Redondo Beach Generating Station is located. The City seeks to participate in this proceeding in order to address the local reliability impacts of the SONGS shutdown. The City conducted a study with Advanced Energy Solutions, a consulting firm unrelated to the AES entity that owns the Redondo Beach Generating Station, resulting in a June 2013 report entitled “Analysis of Local Capacity Requirements in the Western Los Angeles (LA) Basin Sub-Area: Study of an Environmentally Superior Alternative to Proposed New Generation at the Redondo Beach Generating Station for Meeting Local Capacity Requirements in the Western LA Basin Sub-Area.” The City wishes for this report to be considered in connection with this proceeding. The City may also wish to raise legal or factual contentions related to the studies presented by the California Independent System Operator and others. Because the City’s contentions will be based on these studies, the City’s contentions will be reasonably pertinent to the issues already presented in the proceeding.

Granting the City party status will not prejudice any party and will not delay or disrupt any aspect of this proceeding.

III. SERVICE

The City requests to be added to the service list for this proceeding as follows:
