Laura,

I thought the meeting was very informative. It was also very enjoyable to talk with Nick, Jane, Sumeet and Jesus. It looks like the gas operation has a lot of elements of a good QA plan. Some of our differences may be on our use of different term for the same thing.

Our next step will be to see the whole plan and how the parts are related. I hope we get to see at least an outline soon that can serve as a framework to put all of PG&E's good elements together.

Thanks for setting up the meeting.

Best regards,
Joe

Joe

I heard from Nick, Jane and Sumeet that they enjoyed the discussion yesterday and felt that it was good to clarify in person the different ways we use the QA terminology.

We appreciate your coming over and bringing your team. Nick wants to do it again! He's an enthusiastic guy, as you probably picked up.

Was it worthwhile for you?

Thanks

Laura
