Great, thank you Laura. I let BV know.

If you have any concerns with the way this process is working down the line or have any questions about BV role/scope please contact me.

Subject: BV email communications

Liza

Per your call yesterday I've conveyed to the Gas Ops team that BV requests will come in writing via email directly to PGE, copying you, rather than the current process which goes through Maria Solis.

[Redac] says that BV should use the CPUCBVREQUESTS@PGE.COM mailbox.

We will use that mailbox to collect written requests from BV and then run the answers through the normal review process.

Will you let BV know? We presume daily verbal communications and issue resolution with PGE field staff will continue as they do now.

Thanks  
Laura
