Hi Kristin,

We will be ready to send to you the week of 9/9. I'm targeting our meeting on that Monday.
Hope that works. Our lead on the project has been out of the office but she is back today.

Thanks!

Meredith

Hello ladies, hope all is well with you. At our last meeting you were going to take another look

at the recent Commission decisions as well as recent legislation and get back to us with your thoughts on which business model they seemed to be pointing to and why. This is no longer an item on the agenda for the en banc, but it is something that I'd like to brief the commissioners on either before or right after the en banc. I was wondering when you would be able to get me this information?

We've asked each of the utilities to do this, and after I get input from each of you, it might be good to organize a meeting to review it all together.

Thanks, Kristin.
